# LLMs Unplugged

## *A tech-free guide to understanding (and teaching) AI*

Understand AI by building it yourself from scratch. In this fun two-hour session, you'll build and use your own language model, learning the basic principles that underpin generative AI such as ChatGPT and Copilot along the way. Great for broadening your own understanding of AI — whether you're a daily user or a staunch abstainer — and adaptable for your classroom (stages 3–6). Accredited for 2 PD hours through TQI.

### **When**

28 May 2026, 12–2 pm

11 June 2026, 4–6 pm

### **Where**

Birch Building, 35 Science Road, ANU
